MATÚŠ ADAMKOVIČ

ACADEMIC CV (11/2026)

E-mail: **matho.adamkovic [[at]] gmail.com**

Research interests:
methodology of behavioral research; research credibility; meta-science; measurement; network approach to psychopathology

Summary:
I have worked as an ERC-funded researcher at the University of Jyväskylä, Finland, and as a senior researcher at the Slovak Academy of Sciences. Since 2024, I have been leading a lab at Charles University (Czechia). I have experience as PI on GACR Junior Star, PRIMUS and two APVV projects and have been involved in another PRIMUS project, six APVV grants, and three EU Structural Funds projects. I have participated in numerous international collaborations, including SCORE (Centre for Open Science & U.S. Department of Defense), the Replicability Project: Health Behavior (COS), the Psychological Science Accelerator, Multi100 (COS), and Many Economists (University of Seattle), among others. I have co-authored 60+ CC papers, mostly in Q1 journals (e.g., Nature, Nature Human Behaviour, PNAS, Psychological Medicine, Computers in Human Behavior, Behavior Research Methods, Assessment). My work has been cited over 2,750 times, and my GS H-index is 26. I have delivered invited workshops and talks for institutions such as Yonsei University, the University of Jyväskylä European Character and Virtue Association. I co-founded the Slovak Reproducibility Network and was a member of an expert panel on the adoption of ICD-11's Gaming Disorder into the Korean Standard Classification of Diseases. I serve on the Scientific Board of the Centre of Social and Psychological Sciences SAS and as a methods and statistics expert for the Centre of Finnish Registered Reports. I have also served as a reviewer for multiple platforms and journals, including PCI RR, Nature Human Behaviour, and Nature Communications.

WORK EXPERIENCE

Research

- **2024 – Present:** Faculty of Education, Charles University, Czechia (lab leader)
- **2022 – Present:** Faculty of Humanities and Social Sciences, University of Jyväskylä, Finland (ERC-funded postdoc)
- **2019 – Present:** Centre of Social and Psychological Sciences, Slovak Academy of Sciences (lab leader)
- **2020 – 2022:** Faculty of Education, Charles University, Czechia (researcher)
- **2019 – 2023:** Institute of Psychology, University of Presov, Slovakia (researcher)

Teaching

- **2026 – Present:** Metropolitan University Prague, Czechia
- **2025 – Present:** Faculty of Arts and Letters, Catholic University in Ružomberok, Slovakia

Other

- **2014 – 2019:** Trojlistok NGO – part-time psychologist (2014 – 2018 volunteer)

GRANTS

Principal investigator

2027 – 2032
- GAČR Junior Star (Czech Science Foundation); "Leveraging the Capabilities of Large Language Models for Automating Quantitative and Qualitative Meta-Research"; ~ 1 000 000 EUR

2025 – 2028
- **APVV-24-0278** (Slovak Research and Development Agency); "Enhancing Meta-Research in Psychology by Generative AI"; 301 800 EUR.

2024 – 2027
- **PRIMUS/24/SSH/017** (Charles University); "Systematic research on the empirical robustness of effects in education and psychology"; 11 720 212 CZK ≈ 485 000 EUR

2021 – 2023
- **APVV-20-0319** (Slovak Research and Development Agency); "Behavioural aspects of COVID-19: Mapping the COVID-related behaviours and psychological, social, and economic consequences of the pandemic"; 205 000 EUR

2020
- **GaPU 10/2020** (University of Presov); "Poverty in behavioral research: Different operationalizations, different results"; 950 EUR

Investigator

2026 – 2030
- **APVV-25-0711** (Slovak Research and Development Agency); "The support system for children of parents with mental disorder"

2026 – 2029
- **OPENLABS** (Ministry of Education, Research, Development and Youth of the Slovak Republic); "Development of the Open Research Infrastructure Concept of the Slovak Academy of Sciences for Applied Research in Slovakia"; ~18 000 000 EUR

2024 – 2027
- **APVV-23-0421** (Slovak Research and Development Agency); "The quality of empirical evidence in psychology and education"; 199 511 EUR

2023 – 2026
- **APVV-22-0458** (Slovak Research and Development Agency); "A large-scale meta-scientific analysis of the state of Slovak studies and final theses in social sciences"; 249 904 EUR

2022 – Present
- **Ontological Reconstruction of Gaming Disorder (ORE; 101042052)** (European Research Council; ERC); 1 986 991 EUR

2021 – 2022
- **BIOFORD 313011AFG5** (Ministry of Transport and Construction of the Slovak Republic); "Systemic public research infrastructure – biobank for cancer and rare diseases"; 18 734 882 EUR
- **LISPER 313011V446** (Ministry of Transport and Construction of the Slovak Republic); Integrative strategy in the development of personalized medicine for selected malignant cancers and its impact on quality of life"; 12 773 811 EUR

2020 – 2022
- **PRIMUS/20/HUM/009** (Charles University); "Center for meta-research in education"; 7 068 477 CZK ≈ 282 000 EUR
- **VEGA 1/0217/20** (Research Grant Agency of Ministry of Education, Science, Research and Sport of the Slovak Republic); "Predictors of success in strategic and action PC games"; 17 792 EUR

2019 – 2023
- **APVV-18-0140** (Slovak Research and Development Agency); "Internet Gaming Disorder (IGD): risk factors, symptoms, and their measurement"; 200 000 EUR

2018 – 2022

- **APVV-17-0418** (Slovak Research and Development Agency); "Posttraumatic subtype of depression and its etiopathogenesis: Network approach to psychopathology"; 238 887 EUR

2018 – 2020

- **VEGA 1/0870/18/** (Research Grant Agency of Ministry of Education, Science, Research and Sport of the Slovak Republic); "Negative impact of traumatic events: Verification and stability of the theoretical model of PTSD according to DSM-5"

2016 - 2020

- **APVV-15-0404** (Slovak Research and Development Agency); "Psychological causes and consequences of poverty"; 223 031 EUR

PUBLICATIONS (papers in journals only)

Summary

(more information at https://scholar.google.sk/citations?hl=en&user=dfgTz4sAAAAJ)

- **H-index = 26 (GS) / 21 (Scopus) / 18 (WOS)**
- **Papers in impacted journals = 65** (including accepted and accepted-in-principle)
- **Average IF = 8.6**
- **Citations = 2,763 (GS) / 1,250 (Scopus) / 1,013 (WOS)**

In-press, accepted and accepted-in-principle

- Auranen, T., **Adamkovič, M.**, Martončik, M., … & Karhulahti, V.-M. (accepted-in-principle). Gaming Disorder: A qualitative meta-synthesis of related case studies. PCI Registered Reports.
- Karhulahti, V.-M., Martončik, M., Siutila, M., … **Adamkovič, M.**, …Yoon, T.-J. (accepted-in-principle). Reconstructing Gaming Disorder: A Taxonomy by Registered Report. PCI Registered Reports.
- Martončik, M., **Adamkovič, M.**, Baník, G., ... Vargová, L. (accepted-in-principle). Barriers and facilitators to the adoption and promotion of Open Science practices in psychology. The case of Slovakia. PCI Registered Reports.

EDUCATION AND QUALIFICATIONS

2015 – 2019

- Institute of Psychology, University of Presov, Slovakia (PhD)
  Doctoral dissertation: Consequences of poverty on economic decision-making: Assessing the verisimilitude of the cognitive mechanism (https://osf.io/sk4yj/)

2010 – 2015

- Institute of Psychology, University of Presov, Slovakia
  Master's degree thesis: Intelligence as a Predictor of Complex Problem Solving

Additional courses and education

- 2023: Network analysis winter school (Psychosystems, University of Amsterdam)
- 2022: Structural equation modeling (Levente Littvay; European Social Survey)
- 2022: Causal inference from longitudinal data (JACOBS / CIFAR)
- 2019: Network analysis winter school (Psychosystems, University of Amsterdam)
- 2019: Beyond p < .05: Modern statistical approaches in psychological science (University of Padua)
- 2018: Introduction to behavioural economics (NHH, Bergen)
- 2018: Improving your statistical inference (Daniel Lakens; online course)
- 2016: Introduction to structural equation modeling (ACREA; Prague)

REVIEWER

- Nature Human Behaviour, Nature Communications, Psychological Science Accelerator, PCI Registered Reports, Computers in Human Behavior, Cyberpsychology, PLOS ONE, Frontiers in Psychiatry, Social Science Research, Journal of Nursing Management, Current Psychology, Psychological Reports, Addiction, Behavior Research Methods…

OTHER INTERNATIONAL COLLABORATIONS

- SCORE (Center for Open Science & U.S. Department of Defense)
- Replicability Project: Health Behavior (Center for Open Science)
- Psychological Science Accelerator
- Crowdsourcing/replication projects and forecasting/prediction markets, for example, Wisdom of the Crowd: Crowd Analysis Project (University of Innsbruck), MAPS (University of Bristol), Maths/Stats anxiety (University of Sussex), Math anxiety stereotype threat (Tilburg University), The Pipeline

Project 2 (ESMT Berlin); Psychology of Psychology (University of Winchester), Gender inclusive language (Radbound University), Forecasts of societal change (University of Waterloo), automatizing the review of analytical flexibility in preregistrations (Goldsmiths, University of London), etc.

- Yonsei University & Game-n-Science Institute
- Department of Clinical Psychology and Addiction, Eötvös Loránd University (Dr. Orsolya Király)
- Goldsmiths, University of London (Dr. Bence Palfi)
- Societal Psychology Lab, London School of Economics and UCL (2021)
- Department of Clinical Psychology, Utrecht University (prof. Paul Boelen)
- Mind the Mind (EFPSA Social Impact) – coordinator for the Slovak Republic (2015)

AWARDS

- 1st place in WOCCAP prediction tournament in the domain of Climate (2025)
- 3rd place in postdoc researchers' evaluation in Social Sciences and Humanities at Slovak Academy of Sciences (2025)
- 3x Honours from the Rector (2015, 2015, 2018)
- Honours from the Dean (2017)
- 2nd best poster of the Social Processes & Personality Conference (2016)
- Honours from "Krajské Srdce na Dlani" (under the auspice of Prešov Self-governing Region) for volunteerism in field of primary prevention and working with youth (2015)
- Award from Institute of Psychology at the Slovak Academy of Sciences (2015)

RESEARCH STAYS AND VISITS

- 11/2026: Ewha Womans University (South Korea)
- 4/2023: Yonsei University (South Korea)
- 8/2021 and 5/2022: University of Jyväskylä (Finland)
- 7/2019: National Cancer Center Hospital (Tokyo, Japan)
- 12/2018: Ulster University (Belfast, Northern Ireland)

TEACHING

- 2026 – present (Metropolitan University Prague): Psychological Methods (BA course), Statistics for Psychologists (BA course)
- 2025 – present (Catholic University of Ružomberok): Psychological Methods 1, Psychological Methods 2, Statistics 1 (BA courses), Statistical methods in psychology research (PhD course)
- 2024 – present (University of Jyväskylä): Questionable research practices and how to detect them (part of a PhD course)
- 2015 – 2023 (University of Presov): Seminars in cognitive psychology, Advanced statistics and psychometrics, Statistical practices (BA and MA courses), Structural equation modeling (PhD course)
- Supervised 20 defended BA and MA theses
- Supervised 1 defended PhD thesis

PHD SUPERVISION

- 2025 – present: Viktória Gajdošová (Validation of Large Language Models for Semantic Similarity and Content Validity Assessment in Psychological Scales)
- 2023 – 2026: Benjamin Šimsa (Transparent Reporting Practices and Computational Reproducibility in Experience Sampling Method research in Psychology)
- 2024 – 2025: Verônica Bem dos Santos (Gender Relations in the Criminal Investigation of Homicides of Women: A Comparative Perspective between Brazil and the Slovak Republic; research visit)

COMMITTEES & PANELS

- Member of the Scientific Board of the Centre of Social and Psychological Sciences, Slovak Academy of Sciences (2024 – present)
- Member of the Study Field Committee for the doctoral study program Social Psychology and Work Psychology at the Pavol Jozef Šafárik University (2023/24)
- Mentor within the Impact Lab Accelerator program—measurement and evaluation processes to assess the effectiveness of a prevention program for "Chuť žiť", an organization focused on eating disorders (Pontis Foundation, under the EU-funded CERV-2022-CITIZENS-VALUES call)
- Member of an expert panel on the adoption of ICD-11's Gaming Disorder into Korean Standard Classification of Diseases (Game-n-Science Institute & DiGRA Korea Chapter)
- Member of the stakeholder forum for the iRISE (Improving Reproducibility in Science) Horizon Europe project
- Methods & statistics expert for the Centre of Finnish Registered Reports

CONFERENCES / TALKS (international events with active participation & invited presentations)

- Subjectively Perceived Changes in Cognitive Functioning in Patients with Cancer – Cancer Research Foundation (invited; Bratislava, 2026)
- When Results Are Too Good to be True: Approaches to Detecting Questionable Research Practices – SPAO (Stará Lesná, 2026)
- On the Questionable Credibility of Social Science Research: The Role of Measurement – European Character and Virtue Association (invited; Trnava, 2026)
- Research Practices and Transparency in Slovak Social Sciences: A National Analysis Based on Random Sampling of Publications (2013-2022) – World Conference on Research Integrity (Vancouver, 2026)
- Meta-Synthesis of Case Studies of Problematic Gaming: Lessons Learned – World Conference on Qualitative Research (Madrid, 2026)
- Leveraging Large Language Models for Data Extraction in Metaresearch: a Feasibility Study and Automatised Protocol – Metascience (London, 2025)
- Pre-replication – SIPS 2025 (Budapest, 2025)
- Qualitative, quantitative, mixed…perspective on open science fixed – Pavol Jozef Šafárik University (invited; Košice, 2025)
- Posttraumatic Growth in Cancer Patients: Understanding the Mechanism and Its Differences from the General Traumatized Population – JSMO (Kobe, 2025)
- A Bibliometric Evaluation of Slovak Social Science and Humanities Research Published between 1993-2022 – Nordic Workshop on Bibliometrics and Research Policy 2024 (Reykjavik, 2024)
- Relationships between satisfaction with life, posttraumatic growth, coping strategies, and resilience in cancer patients: A network analysis approach – Brněnské onkologické dny 2024 (invited; Brno, 2024)
- Open Science and Responsible Research Practices: Sharing is Caring – European Association of Social Psychology Summer School (Košice, 2024)
- Well-being and Digital Games: Call for Collaborators from Africa (and Beyond) – SIPS 2024 (Nairobi, 2024)
- Open Science Principles (not only) in Qualitative Research – QAK 2024: New Horizons of Qualitative Research (invited; Bratislava, 2024)
- Open Science Practices in Game Science Research – The Game-n-Science Institute & Yonsei University (invited; Seoul, 2023)
- What Replicates, Anyway? Duplication in Psychological Research – SIPS 2023 (Italy, 2023)
- An Open Collaboration Call for Qualitative Duplication: Gaming Disorder in Underrepresented Countries – SIPS 2023 (Padua, 2023)
- Scoping Review of South Korean Esports Research and Comparison to the Stakeholder Perception – DIGRA 2023 (Sevilla, 2023)

- Gaming Disorder Around the World: Overview of the Current Situation in 19 countries (representing Slovakia) – DIGRA 2023 (Sevilla, 2023)
- Cancer-related subjectively perceived cognitive impairment: A network analysis approach – JSMO 2023 (Fukuoka, 2023)

MEMBERSHIPS

2020 – Present: Slovak reproducibility network (co-founder; 2022 – 2024 lead of the Scientific Team)
2018 – Present: Psychological Science Accelerator
2020: Association for Psychological Science; Society for the Teaching of Psychology
2016 – 2018: Vice-president of the Slovak Association of Psychology Students and Graduates
2014 – 2016: Slovak Association of Psychology Students and Graduates
2014 – 2015: Slovak Association of Conditioning Trainers

OTHER ACTIVITIES

- Public talks and workshops on open science practices, replicability crisis, and statistical/methodological practices (e.g., EASP, CVTI SR, SAIA, SAŠAP, SAS, Žijem Vedu, Slovak Radio, The Slovak Spectator…)
